

Overview

Canada is a first-world country with suave modern infrastructure with over 9.9 million square kilometers of land, it's the second-largest country in the world making for an incredible array of things to do and places to explore. You can enjoy the scenic beauty of the rich forests, crystal clear lakes, quaint snowy areas, and even ski slopes! Plus, it's lush and green, containing 10% of the world's forest cover.

Having been consistently ranked in the top 10 countries to live since 1994, it's, without doubt, a fantastic destination for an international study experience and also, the statement "Canadians are very friendly" is not a fallacy. Known for their multiculturalism and friendly environment.

Canada is increasingly becoming more popular as a study destination. The education system in Canada is globally renowned. By studying here, you quickly gain global recognition upon graduation.

Advantages

Through the years, more than 180,000 students have decided to study in Canada. Canada is renowned for its quality education and competitive entry requirements. A Canadian Degree/Diploma is revered across the globe. If a student has decided to study in Canada from India, they will be charged lower tuition fees than counterparts in other study abroad destinations. For the past nine consecutive years, a UN survey has found Canada to be the best place in the world to live in. Study in Canada for Indian students is also seen as a pathway to PR which takes up to 15-18 months from within the country.
