

Overview

Germany is an ideal destination for study overseas with its world-class education and thrilling urban life. It has a welcoming culture and accepts immigrants from all over the world. The German economy is vast with infinite opportunities for overseas graduates.

Each year more than 25,000 international students choose to study in Germany and undertake research activities. They are attracted by international study programs and excellent research opportunities.

German universities have a quite good network with universities all over the world. Every year thousands of students have the opportunity to go abroad and spend some time in a different country, studying and living. This should be the same way for international students. Because of this, German universities and technical colleges try to provide enough university places for international students and they also make efforts to support them in many other questions concerning the time abroad.
